Personalized treatment for each of our patients is very important to us. We take thorough evaluations that include manual muscle tests, range of motion, gait analysis and many other observations. Comprehensive evaluations are essential to providing optimal care.

Fabrication of our devices is done almost exclusively in our **in-house lab.**

By utilizing many different techniques and using various materials we create a completely custom device.

We also offer a variety of brand name products such as DAFO and SureStep.

- * *Color Plastics*
- * *Transfer Patterns*
- * *Colored Resins*
- * *Fabric Outer Laminations*
- * *Lightweight Components*
- * *Vast Customization Possibilities*

Alpha-Omega is a provider for **many common insurances including Medicaid.** We work diligently to process claims quickly and efficiently.

Feel free to call us with any questions!
